

5TH BIBLICAL STUDIES SEMINAR: Bible and Ethnicity

An Interdisciplinary Seminar Organised by the Centre for Bible Engagement
& Centre for Theological Education by Extension, Seminari Theoloji Malaysia

10 March 2018
Saturday
9am-1.00pm

What does the Bible say about ethnic relations, ethnic identities, and ethnic boundaries in nation building? Are there workable arrangements for peace and harmony among various ethnic groups living together as a community? This seminar contributes to the wider conversation by examining the construction and contestation of ethnic identities both within the Bible itself and in biblical interpretation. Come and join us in our conversation.
